Consent for Use or Disclosure of Health Information

Our Privacy Pledge

We are very concerned with protecting your privacy. While the law requires us to give you this disclosure, please understand that we have, and always will, respect the privacy of your health information.

There are several circumstances in which we may have to use or disclose your health care information.

- We may have to disclose your health information to another health care provider or a hospital if it is necessary to refer you to them for the diagnosis, assessment, or treatment of your health condition.
- We may have to disclose your health information and billing records to another party if they are potentially responsible for the payment of your services.
- We may need to use your health information within our practice for quality control or other operational purposes.

We have a more complete notice that provides a detailed description of how your health information may be used or disclosed. You have the right to review that notice before you sign this consent form (§164.520). We reserve the right to change our privacy practices as described in that notice. If we make a change to our privacy practices, we will notify you in writing when you come in for treatment or by mail. Please feel free to call us at any time for a copy of our privacy notices.

Your Right to Limit Uses or Disclosures

You have the right to request that we do not disclose your health information to specific individuals, companies, or organizations. If you would like to place any restrictions on the use or disclosure of your health information, please let us know in writing. We are not required to agree to your restrictions. However, if we agree with your restrictions, the restriction is binding on us.

Your Right to Revoke Your Authorization

You may revoke your consent to us at any time; however, your revocation must be in writing. We will not be able to honor your revocation request if we have already released your health information before we receive your request to revoke your authorization. If you were required to give your authorization as a condition of obtaining insurance, the insurance company may have a right to your health information if they decide to contest any of your claims.

Consent to Treatment Form

By signing below, I do hereby voluntarily consent to be treated with acupuncture and/or substances from a licensed acupuncturist at the Healthy Living Acupuncture Clinic. I understand that acupuncturists practicing in the state of Wisconsin are not primary care providers and that regular primary care by a licensed physician is an important choice that is strongly recommended by this clinic's practitioners.

Acupuncture/Moxibustion: I understand that acupuncture is performed by the insertion of needles through the skin or by the application of heat to the skin (or both) at certain points on or near the surface of the body in an attempt to treat bodily dysfunction or diseases, to modify or prevent pain perception, and to normalize the body's physiological functions. I am aware that certain adverse side effects may result. These could include, but are not limited to: local bruising, minor bleeding, fainting, pain or discomfort, and the possible aggravation of symptoms existing prior to acupuncture treatment. I understand that no guarantees concerning its use and effects are given to me and that I am free to stop acupuncture treatment at any time.

Direct Moxibustion: I understand that if I receive direct moxibustion as part of therapy, there is a risk of burning or scarring from its use. I understand that I may refuse this therapy.

Chinese Herbs: I understand that substances from the Oriental Materia Medica may be recommended to me to treat bodily dysfunction or diseases, to modify or prevent pain perception, and to normalize the body's physiological functions. I understand that I am not required to take these substances but must follow the directions for administration and dosage if I do decide to take them. I am aware that certain adverse side effect may result from taking these substances. These could include, but are not limited to: changes in bowel movement, abdominal pain or discomfort, and the possible aggravation of symptoms existing prior to herbal treatment. *Should I experience any problems, which I associate with these substances, I should suspend taking them and call the Healthy Living Acupuncture Clinic as soon as possible.*

Massage/ Cranial Sacral: I understand that I may also be given Massage/ Cranial Sacral as part of my treatment to modify or prevent pain perception and to normalize the body's physiological functions. I am aware that certain adverse side effects may result from this treatment. These could include, but are not limited to: sore muscles or aches, and the possible short term aggravation of symptoms existing prior to treatment. I understand that I may stop the treatment if it is too uncomfortable.

Electro-Acupuncture: I understand that I may be asked to have electro-acupuncture administered with the acupuncture. I am aware that certain adverse side effects may result. These may include, but are not limited to: electrical shock, pain or discomfort, and the possible aggravation of symptoms existing prior to treatment. I understand that I may refuse this treatment.

I understand that there may be other treatment alternatives, including treatment offered by a licensed physician. I have carefully read and understand all of the above information and am fully aware of what I am signing. I understand that I may ask my practitioner for a more detailed explanation. I give my permission and consent to treatment.
